

Willamette View Dining Portal

Below is the link to the Willamette View Food & Beverage Portal. It is also linked from the main page of the WV Resident Website under the Dining Tab.

<https://willametteview.ordervt.com/>

Watch for an email with a link to the website upon your move-in. If you do not receive an email with a link, you can go to the main page and hit forgot password and it will email you a new link to reset the password.

Use your email as the username.

The Dining Portal is where you can order food online or check your dining points balance. It is also where you can make reservations for dinner at Riverview or the White Oak Grill. If you need help using the online portal, please contact OJ Robinson, Director of Food & Beverage Services, at ext. 6225.
